## Classifieds

14'2 Buckskin Mare, 9 yrs old, blind in right eye from a injury 2 winters ago. Was shown in halter last 2 yrs at Boone County Fair. Has ran Barrels, Poles (but not in a while). I have done some natural horsemanship with her and she responds well. Have ridden her since the eye injury with no problems. Was a excellent trail horse haven't trail ridden since the injury, but I think she would be fine. Doc Bar bred. Asking \$1500. Just do not have time for her and she is just out in the pasture.
